Illinois Congressional Districts
The Senate's Redistricting Committee is hosting a series of hearings to determine the process for redrawing Illinois Senate, House and congressional districts. Redistricting has to be done following the 2010 Census and most agree the process is flawed.
Cities are divided by current Senate and House districts. Critics allege congressional district boundaries, drawn to make some districts "safe" to benefit a particular party, often result in noncompetitive political races.
KEY:
Congressional District
NOTE: The colored sections represent clarity for congressional districts.
